

Prof. Dr. Ana Escudero

Senior lecturer of Zaragoza University in Analytical Chemistry, Spain

Dr. Escudero has Master degrees in Science and in Enology as well as a PhD of Chemistry from the Zaragoza University in Spain. Her interest is in oxidation in white wine and champagne aroma. She has been a senior lecturer at the Zaragoza University in Analytical Chemistry since 1999. She is co-owner of Bodegas y Viñedos Ilurce, S.A.T. (Rioja winery in Alfaro - La Rioja, Spain). Dr. Escudero has published numerous articles in international journals and presented at many International Conferences on research such as: wine aroma, gas-chromatography-olfactometry, sensorial analysis, and analytical chemistry of aroma.
