

Gordon Specht

Lallemand North American Area Manager

Gordon Specht joined Lallemand in 1995 as the North American Area Manager for the Fermented Beverage Division. Before coming on board at Lallemand, Gordon worked in the wine industry for 11 years at Scott Laboratories doing everything from lab analysis, product research and development, quality control, cork plant manager and technical products management.

Gordon obtained a B.S. in Food Science from the Pennsylvania State University with an independent study of malo-lactic bacteria under Professor Robert Beelman.
